who has no right to the preparing of them, the

necessary to make the following affidavit, for the
protection of her property, in the year 1738 :—

or a valuable consideration, and with a view for
making the medicine for public sale.

These Medicines are composed of Plants which are indigenous to our Climate, and therefore much more far better adapted to our constitutions than Medicine concocted from Foreign Drugs, however well they may be compounded. These Preparations are important Discoveries made in Medicine, being the most precious and the most agreeable Concentrated Extracts, extending their Virtue and Excellency throughout the whole Human Frame.

No pretensions are made that any of these Medicines form a PANACEA for all Diseases; but they are offered as certain Specifics for particular Disorders, and for all Complaints closely allied to them; not claiming the efficacy of a Panacea, which is frequently done by all-sufficient pill proprietors.

THE CELEBRATED GUMBLE PACKETS, prepared by the Proprietor, GEO. KERMAN, Dispensing Chemist, &c., can be had at his Dispensaries, 25, Wincinoleet, & 10, St. George's Lane, &c., or of any of his accredited Agents unannounced; for which see small placards on the wall, who are also an Authority (signed by his own hand) in the receipt of the medicine, and who are responsible as Medicine Vender in the Kingdom. Each Packet bears his Name, in his own hand thus:—"George Kerman," intimate witness is Felony.

The attention of Public is respectfully requested to the undoubted cases, and the most rigid investigation into their authenticity is courted:—

SEVERE CASE OF RHEUMATISM.

"To Mr. George Kerman, Druggist, Wincinoleet, Hull.

Macchell-street, Wincinlesse, Hall, do hereby certify that I have seen several attacks of rheumatism; and some of them of an even worse duration (brought on at first, I think, by being in the fishing boats.) I have taken great quantities of medicines, ever since, but have not been cured. I have derived very slight benefit from any but the medicines I have had from you, which afforded direct and almost immediate relief.

You may make what use of this written declaration you please. It is now five years since I took your Pills, and have since been cured of the rheumatic attack. It was in January, 1836. A regular medical gentleman attended me during that attack, but I derived no benefit from his attentions; on the contrary I grew sicker, and began to take your medicines. I have also found great benefit from your "Purifying Aperient Restorative Pills," which I have, ever since then, occasionally used as family medicine.

"SAMUEL NAYLOR."

CASE OF CHRONIC RHEUMATISM OF TWENTY YEAR'S STANDING.

Mr. Kerman.—Sir,—You can make this known in whatever way you think to be of service to your country as the afflicted. I have laboured under this severe rheumatic disease for twenty years, attended with severe swelling in my joints

 have been captured and the severity of the pain. I have tried
 the best medical advice which this part of the coun-
 try afforded; and several winters ago I have been
 free from more or less of pain previously years have
 your invaluable medicine, I had lain in bed with
 agony of pain for months previously; your medicine
 has cured me, and I am now able to do all my usual
 be happy to bear real testimony to any one who will
 call on me at the Old Foundry, Sulcoates, Hull."

"WILLIAM WALES.

"Mr. Korman:—You really deserve great praise
 for the use of such a medicine as you sent
 me. It is wonderful in its relief and cures
 most excruciating pains. I most gladly give my
 name in such a case: I see it needed for the benefit
 of my fellow creatures."

tribes and the "obstinate" people of China; for, depend upon it, our Bibles won't do much service to a people who feel our bullets; sabres and sermons ought not to be sent together; canon law and cannon balls do not comport well with each other; and so long as we export parsons and pistols to the same country, the inhabitants will question the sincerity of our motives, and wish the cargo and its owners at the bottom of the sea.
